Stainless steel machine table for RG-100, RG-200, RG-250 diwash, RG-250 and RG-350

- Convenient and stable machine table easily adjusted for optimal working height. The ergonomic design has three different heights:
 - **High position**
Primarily for preparation with Vegetable Preparation Machines RG-100, RG-200, RG-250 diwash and RG-250.
 - **Middle position**
Primarily for preparation with Vegetable Preparation Machine RG-350
 - **Low position**
Primarily for preparation with Vegetable Preparation Machine RG-350.
- The height of the feet is adjustable to easily ensure the machine table remains stable on uneven surfaces.
- The machine table comes with a gastronorm 1/1-100 container, which is placed in front of the Vegetable Preparation Machine (there is also room for a gastronorm 1/1-200 container).
- The machine table facilitates preparation by allowing feeding at the right working height along with the container in front, which collects cut products and is easily replaced when full.
- The rack the container rests on can easily be detached for use with HALLDE's Container Trolley, which optimises preparation when:
 - Production is very high
 - The prepared products must be transported
 - The user wants to avoid lifting

Material

- Machine Table, stainless steel.
- Gastronorm container 1/1-100, polycarbonate plastic

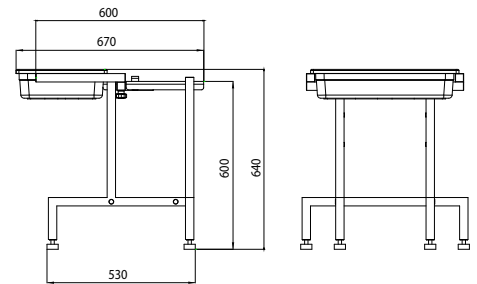

Users

- Restaurants, shop kitchens, cafés, bars, diet kitchens, retirement homes, schools, fast food outlets, catering, day care centers, salad bars, ships, etc.

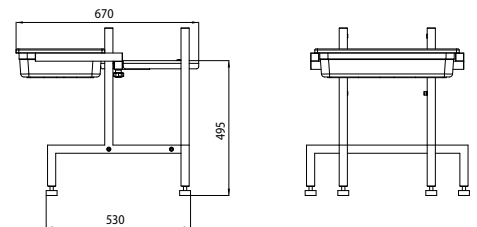

Weight

- Net weight: 10.0 kg
- Gross weight: 13.2 kg
