POTATO CHIP GRID

Cuts potato chips in combination with Slicer 10 mm,

HC Slicer 10 mm or Soft Slicer 10 mm.

HALLDE WORKSTATION

Accessories that simplify life in your kitchen

Accessory Trolley for practical storage

The ideal tool for maintaining order and tidiness, allowing quick and easy handling of cutting tools, feed cylinders and feeders. The trolley is made entirely of stainless steel and has sturdy wheels, two of which are lockable

Container Trolley for a smooth flow

Facilitates the handling of cut products, transporting them easily to subsequent stages of the preparation process. Can be adjusted to different heights and even folded up completely. The trolley is made entirely of stainless steel, with four sturdy wheels, two of which are lockable.

Box Trolley and Food Cutting Box incl. lid

Convenient for really large volumes. The trolley is equipped with a sturdy handle and four castor wheels, two of which are lockable. The volume of the food cutting box is 54 litres. The box is stackable whilst using the lid.

Basin Trolley

Cut the vegetables directly into a pickling solution or water to make them crispy. The basin trolley is equipped with a practical drainage tap and holds 85 litres.

Container Trolleys

lockable.

The lower variant has a practical shelf on which you can peel and chop products before processing, while, at the same time providing space for 2x7 GN 1/1 canteens. The taller model is adapted for 16 GN 1/1. Both container trolleys are equipped with four castor wheels, two of which are

Cleaning brushes in two sizes

Used for cleaning machines and cutting tools. Both have coarse bristles that are particularly effective for cleaning Dicing Grids and Julienne Cutters.

Wall rack for Cutting Tools

Provides space for three cutting tools and a quick overview of the entire range, saving space and making handling safe and comfortable – an effective way of protecting the edges of the blades from unnecessary wear.

SB-4 Volume 4 litres Variable speed + pulse

VEGETABLE PREPARATION MACHINE ACCESSORIES

RG-100/200

Angle Cut Feed Head

Used for slicing long and narrow vegetables such as cucumbers, carrots and leeks to get angled decorative slices for wok dishes, sandwiches, salads etc.

Pipe insert incl. Pestle

Used for continuous feeding of long and thin vegetables that are to be cut "standing", for example spring onion, chilli and radish. The pipe insert is placed in

RG-200/250 diwash/250/350

Machine table

A flexible table, easy to position at the height suitable for your needs and ensures the machine sits steadily. The table is made of stainless steel and comes with a gastronorm 1/1 container which can be placed on the table - alternatively customize the table to our Container Trolley.

RG-400i

Pneumatic Push Feeder

Prepares all types of products, both large and small. The product is pushed down automatically with just one push of a button. The workload and time spent

500/800

1-phase

RG-300i/400i

Manual Feeder

The Ergo-loop design provides a lever effect that reduces the need for manual force when preparing all types of vegetables, both large and small.

Feed Hopper

Enables continuous filling by the bucket load for preparation of primarily round products. Capacity is very high because the machine runs continuously and is therefore extremely time efficient.

Used for cutting long and narrow products vertically, and round products in a specific direction. The feeder has four tubes which provide good support for products in a range of different sizes, such as cucumbers and leeks. It is also easy to "bunch" herbs i.e. parsley, etc.

700-15000
